Subject: RE: Allied Paper Landfill Web Page Documents / and schedule question

I think that it is going to be early November. We are finishing the Factsheet. I want a couple more eyes on it before it gets to you. I will get it to you this week.

Subject: RE: Allied Paper Landfill Web Page Documents / and schedule question

Thanks, Patti. Web page looks good. Three very minor formatting issues: 1) Near the top, is the language under the "Background" heading supposed to be one paragraph or two? There's a bunch of empty space after the first sentence, so it's unclear whether the next sentence is supposed to be a new paragraph or part of the same paragraph. 2) Same issue for the language under the heading "Risks posed by Allied Landfill: - it's unclear whether the first three sentences there are a separate paragraph or whether the next few sentences are supposed to be part of that first paragraph. 3) It looks like there's an extra line between the "Cost for Cleanup Options" section and the "Paying for Cleanup" section.

Michael, what's the current schedule for releasing the FS to the public?

-Becky

Minor changes and hope it's not too confusing. Thanks.

Site Update – second paragraph, third sentence add a space between information and “and”

Site Update - Replace Ground Water with Groundwater. Should be changed in two places one where it links and then where it's the title.

Feedback form is not working

Is it possible to add bullets to the groundwater list – if not that's fine?

PCB box first word should be PCBs (there's a space between B and s right now)

Risk posed by Allied Landfill second paragraph third sentence add a space between . and A

Technical documents – remove the second document “Allied Paper, Inc. Operable Unit Remedial Investigation Report – March 2008.

Add the following to the third technical document Allied paper Operable Unit 1 Remedial Investigation Report

NOTE: The full report is 403 pp and 121 MB and is available at the repositories listed on this page. You can also request the full report on CD from Michael Berkoff (Berkoff.michael@epa.gov) , 312-353-8983.

There's just two technical documents.

Yvette --

The attached text has been approved for the new Allied Paper Landfill web page.

Please replace the text from the earlier version with the attached.

Please keep in the comment box and also the box about PCBs.

Under technical documents the 2009 Groundwater document will be on a CD that I will share with you.

Thanks for updating this and please share with me before we go live.

Patti, this email confused me.

Which Fact Sheets do you want posted - all of the ones on the kalproject page?

Here is the updated page.

(See attached file: index.html)

▼ Patricia Krause---08/12/2013 05:18:39 PM---Yvette - Here's the web page form to add documents to the Allied Paper Landfill web page.

Yvette --

Here's the web page form to add documents to the Allied Paper Landfill web page.

Some will link to the other web page at <http://www.epa.gov/region5/cleanup/kalproject/index.htm>

Thanks.
